malfunction occurs, we replace it promptly.
When you split Microfridge rental cost with roommate, comes to only \$74.50 each for the entire academic year.

If you like your rental fridge, and want to own it, you may use the Super Purchase Option, for only \$95 in the Spring of 2010 and it's all yours! You also get our **2 full year warranty that covers everything.** Many Illinois Institute of Technology returning residence hall students do chose the Super-Low Purchase Option price, which comes with an additional 2 year warranty.

So there is no cost effective reason to buy a unit (without a real freezer) and lug it back and forth from home, when the Huskie choice saves you money, hassles and gives you more options.

The store purchased units only come with a one year warranty, you rarely find the real zero degree freezer. They are nowhere near the quality of the Huskie MicroFridge and offer no real service package, only minimal warranties.

Why Renting a Huskie MicroFridge Is the Smartest Choice.

Over 2,500 Chicagoland university students made the Huskie MicroFridge choice just last year alone.

Why you now don't have to bring a fridge or oven from home if living in the residence halls.

It's so much easier and cheaper to rent & split the cost with your roommate, plus **Huskie offers the \$95 Purchase Option.**

Why renting a Huskie MicroFridge is the most cost effective and hassle-free choice.

We pre-place your MicroFridge in your IIT room before you move in and the fridge is cooling and waiting for you. **Plus we pick-up, free of charge, after you vacate the residence halls in the Spring.**

So you have no moving or service hassles, AND you get a fridge, and a real zero degree with separate freezer, and a microwave oven attached to the unit.

Also a BIG PLUS is no service worries, if unlikely
